When you buy goods on credit you pay a larger profit than if you paid cash; when you spend your money with a merchant who sells on credit you also pay that large profit, for he can't sell your goods cheaper than he does your neighbor, if you do pay cash.

Our terms are CASH. We don't sell on credit to anybody, and it will not take long for you to see that you can save money by dealing with us. We are satisfied that our \$1.50 Shoes for Ladies and Misses are the best in town. Try a pair of them.

Wrinkles

Around the Eyes

Are usually caused by defective sight. Many women, and likewise men, look prematurely old from these wrinkles. The wrinkles in many cases can be removed by wearing correctly fitted glasses. To fit glasses correctly demands a thorough knowledge of refraction and the necessary instruments. We have both; hundreds of satisfied customers will say so.

AYCOCK'S SPEECH.

In Spite of the Rain a Large Crowd Was Present.

Owing to the rain today it was at one time thought best to postpone the speaking until night; but after ascertaining the fact that a number of country people were here, and after the word had gone forth that there would be no speaking, the program was changed, the court house bell rung and the house was filled in a few moments.

The great speaker was introduced by Hon. A. M. Scales, and Mr. Aycock arose amid deafening cheers. No man or pen can do justice to the resistless logic, the burning eloquence, the power and pathos of a speech delivered by Chas. B. Aycock. His arraignment of the fusion legislatures of 1895 and 1897 was most powerful and convincing. They promised to reduce taxation, but he had carefully examined the laws of 1895-97 and the only single, solitary article on which the taxes had been reduced was the billiard table—reduced from \$75 to \$25. The increase on the farmers' property alone is over one million, three hundred thousand dollars.

We regret that a lack of space prevents a synopsis of this great speech. It was a powerful appeal for a union of the Anglo-saxon race.

Depraved indeed, must be the man who could listen to such soul-stirring eloquence and not feel that it was his duty to vote with his white brethren. Never has the duty of white men to stand together been more strongly or forcefully presented.

As the giant blows fell from his lips they met a hearty response in mighty and thunderous applause from the sturdy sons of Guilford county, who had assembled. For one hour and thirty minutes he spoke and the time passed away too quickly for the interested listeners.

Mr. Aycock will speak again tonight at the court house at eight o'clock. Ladies are especially invited. Reserved seats.

Hear Charles B. Aycock speak at the court-house again to-night. Speaking at Eight o'clock. Reserved seats for Ladies.

GREENSBORO TOBACCO MARKET

Makes The Highest Average in Piedmont North Carolina.

We take pleasure in calling attention to a statement issued by the Greensboro Tobacco Association. It is of importance to all who have tobacco to sell and a source of pride to all who are interested in the growth and development of our tobacco industries. It is as follows:

The Greensboro tobacco market sold over 5,000,000 pounds last year for an average of \$7.57 per 100 pounds. This is the highest average made by any market in Piedmont North Carolina.

Over \$1,200,000 paid out daily to farmers for tobacco during the past year.

It is the best market in the state for the farmer.

Our warehouses are large, commodious and up-to-date, whose proprietors stand without a peer as salesmen of the weed.

Every large firm in the United States and a number of foreign firms are represented by our buyers.

Tobacco centre, manufacturing centre, trade centre, railroad centre, educational centre.

Our own manufacturers have a large capacity and are increasing their trade daily and must have tobacco. We have the strongest corps of buyers in the world for the warehouse capacity.

We want more tobacco and must have it if high averages will bring it. Try us with your next load and be convinced of our merit.

Mining Industries.

By Wire to THE TELEGRAM.

Washington, Oct. 21.—From information obtained at the General Land Office it appears that an increase of nearly four hundred mineral entries have been made during the fiscal year 1898, compared with that of 1897, indicating a marked revival of the mining industries.

BLESSING OF FUSION RULE!

White Boy Chained to Two Negro Prisoners.

INDIGNATION AT GOLDSBORO.

Many Populists Who Beheld The Spectacle Are Disgusted And Are Done With Fusion.

Goldsboro, N. C., Oct. 20.—When the train from the south arrived in this city today a big two hundred-pound white man stepped off the cars leading two burly, black, uncouth negro men and a small, sallow, delicate, unkempt white boy, all three chained together, and followed by another white man, both being populist-fusion deputies, V. J. McArthur and Jerre Matthis, having the three prisoners in charge from Sampson county, carrying them to the penitentiary under sentence of the superior court. The two officers landed their prisoners in the railroad waiting room and McArthur went to dinner, while Matthis stood guard.

Without discussing the respective roles of the little white boy and the two negroes as criminals, the scene was such as to make the blood of every white man who had impulse of pity in his heart or a vestige of race pride in his soul, boil with indignation at the gross humiliation to which the helpless youth, criminal though he be, was subjected, with two white men in charge, either of whom could have handcuffed him apart from the two black criminals and delivered him safely at the penitentiary. But they were fusion officers, and fusion says that a white man is no better than a negro; and so from the county of Sampson started these two fusion officials, delegated by the fusion sheriff, with the little white boy, 14 years old, and the two burly, ragged, jail-besetted negroes, all chained together, for the penitentiary.

Some weeks ago a white man and a negro were carried through here chained together from the republican-fusion county of Craven, and our people chafed under the humiliating sight; but that was a grown man, and he ought to have had better sense and morals than to commit a crime, and while the object lesson of fusion was there with two negro deputies in charge, our people let it pass at that.

But today when the fusionists saw "the democratic lie" was a little, sickly white boy chained to two burly negroes, with two populist-fusion white deputies in charge, the citizens of Goldsboro could not tolerate the odious sight, and determined that it should not be; but being law abiding as we are, there was no resort to violence.

A warrant was duly issued against the officers in charge, and they were given a hearing upon the charge of assault, in that they were subjecting this little white prisoner to indignity, and through him outraging the racial pride and sense of decency of the Anglo-Saxon people. They were given a hearing, and the judgment of the court was suspended upon condition that they separate the little white boy from the heavy chain of the negro prisoners. The court so ordered, and it was then and there done, and they proceeded to Raleigh as they should have left Sampson, with the little white boy apart from the negroes.

This sickening scene was witnessed by quite a number of hitherto Populists and veterans of fusion, and they know that it is no "Democratic lie"; but they are all democrats now. This sight converted them to decency and democracy.—Special to Morning Post.

Native Porto Rican Judges.

San Juan, Oct. 20.—Judge-Advocate Hunter yesterday inducted into office five native supreme court justices. They appear to be very intelligent men with a thorough understanding of their duties.

The American and Spanish commissions met jointly yesterday for the purpose of exchanging farwells, after which they adjourned without day.

"I have been in New York, for the first time, for the past ten days," writes a feminine correspondent of the "The Record," "having passed my previous twenty-eight years of life in Philadelphia; and I would like to ask you why New York people think they know it all. I have asked several of them, but it is about the only thing they don't seem to know." This is a question which has puzzled a great many people (not New Yorkers), all of whom like "The Record," have been compelled to give it up.

The Master Horsehoers' Association, in session at Cincinnati, O., has agreed to a nine-hour working day.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU,
HIGH POINT, N. C., Oct. 21, '98.

A special meeting of the democratic club was held last night in the Anchor warehouse. After the roll was increased to 335, the meeting was called to order by President Dodamead and led in prayer by Rev. J. O. Alderman, of the Baptist church, afterwards a song led by Mr. Peacock with a cornet. The minutes of the last meeting were read and approved. The club then proceeded to make arrangements to attend the barbecue at Thomasville tomorrow. The following marshals for the horseback squad were appointed: Wm. Partridge, F. N. Tate, F. M. Pickett and Wm. Tate, chief. For the bicycle squad: Geo. A. Matton, Wade Rankin, Wm. Hayworth and S. L. Davis chief. The club will meet at the warehouse promptly at 7:30 and leave for Thomasville at 8 o'clock. The club is asked to decorate their wheels, horses and vehicles with the national colors. The parade will be led by the band, followed by the horse-back squad, next the carriages and then the wheelmen. Remember you are not compelled to bring a basket but bring one if you can.

The demands have been so great that the High Point Show Case Works will immediately increase their capacity ten times.

Officer Burns, who was knocked down by a negro here last Monday, is still a little blue in the face, but he is by no means suffering from the "blues."

H. W. Goswick and mother, of Greensboro, moved to this place yesterday. Mr. Goswick, who will have charge of R. Wingate's bicycle repair shop in the Sechrest building, next door below J. A. Johnson, is today cleaning out the building and says he expects to be ready for business in another week.

To-morrow will be your last chance to register. You had better miss the barbecue than fail to register. Don't forget the hours—between 9 a. m. and 4 p. m.

As we have been in the dark so much recently, all on account of the water supply being insufficient, the electric light committee are now digging a well, and will put in a boiler and possibly a new engine soon.

The following factories have decided to shut down for the barbecue tomorrow: Snow Lumber Company, Tate Furniture Company, High Point Chair Company, and the High Point Coffin and Casket Company. After the above was announced last night Charlie Curlew created a big laugh by saying "that as it has not been announced I will shut up the blacksmith shop also."

Mrs. J. R. English, of Monroe, passed through today on her way to Trinity where she has been called to the bedside of Miss Mildred English, who is very sick.

Henry Blount passed through this morning en route to Trinity, where he will speak tonight.

G. Rosenthal, of Raleigh, passed through today returning from Randleman.

Gov. Russell passed through today on the noon train en route to Raleigh.

Wescott Roberson, of the law firm of Barringer & Roberson, is now in his new office, next to the Mayors' office. He has a nice office, and is centrally located, but the office and locality is not to be compared with the man. We are glad to know that a man of Mr. Roberson's calibre calls High Point his home. Success to him.

Miss Estelle English, one of Guilford College's popular young ladies, is visiting Miss Bertha Snow.

AN EXPRESS TRAIN WRECKED.

Whole Towns Razed and Strong Buildings Smashed—Great Damage to Cotton Crops.

By Wire to THE TELEGRAM.

Houston, Texas, Oct. 21.—A terrific cyclone, followed by a heavy electric storm, swept across Texas before daylight this morning. At a town in Missouri a freight train was blown from the track and a California express running at forty miles an hour crashed into the freight wreck and the smashed cars covered an area of several square rods.

The towns of Deer Park and Pasadena were razed, the wind cutting a wide swath, and many strong buildings were demolished. Great damage was also done to buildings in Missouri.

The injury to the cotton crop throughout a large area of this State is simply enormous.

THE LOCATION OF TRINITY.

As the fact that Trinity College is located within a few hundred yards of one of the large cigarette factories of the American Tobacco Company has been used as one of the reasons why people believe the cigarette trust wielded an undue influence over the college, it is well to ask why and how was such an error made and who did it. As an answer we copy that part of the report of the board of education to the annual conference in Concord in 1890, which referred to the removal of Trinity College to Durham. The report was unanimously adopted:

Whereas, the citizens of Raleigh released the said Board of Trustees from all obligations to locate said college to said city of Raleigh, and
Whereas, J. S. Carr, Esq., of Durham, N. C., has proposed to donate to the Board of Trustees of Trinity College sixty acres of land to the value of \$20,000 in the city of Durham for college purposes; and

Whereas, Washington Duke, Esq., of Durham, N. C., has proposed to donate to the Board of Trustees of Trinity College the sum of \$50,000 for the purposes following, to-wit: the sum of not less than \$50,000 to be used in the erection of the main central building of said college on said tract of land, and the sum of \$35,000, or such sum as may remain of said \$50,000, to be added to the endowment fund of said college; and

Whereas, other citizens of Durham, N. C., have proposed to donate to the said Board of Trustees the sum of \$9,000 or more; and

Whereas, the cause of Christian education will be greatly promoted by accepting these magnificent donations, therefore,

Resolved 1. That the Western North Carolina Conference accept said donations.

2. That the Board of Trustees of Trinity College be and is hereby authorized and directed to move Trinity College to Durham, N. C., when and not until the aforesaid tract of land conveyed to said Board of Trustees and their successors by a good and sufficient deed in fee simple, free from all encumbrances, and there is erected on said tract of land the main central building as proposed at a cost of not less than \$50,000, to be paid out of said donation of \$50,000; and the sum of \$35,000, or such sum as may remain of said sum of \$50,000 is placed in the hands of the said Board of Trustees as an addition to the endowment fund of said college.

There is not a dissenting vote recorded on the above resolutions. If the brethren are not careful somebody will find himself condemning his own actions.

While we are on this subject we de-

sire to notice briefly the partnership idea. The High Point Citizen, referring to the time when Mr. Duke's gift was made, says:

"We then believed that the sole object of Mr. Duke was to make Trinity College an annex to his cigarette factory, and that knowing that the trustees of the college and the members of the conference were men of honor and principle, he chose this subtle way of securing their cooperation without arousing their indignation."

That is the most uncharitable thrust at the motives of Mr. Duke we have ever seen made in a newspaper. Even the most outspoken enemies of Trinity College have not been so unkind as to place such a construction on the motives of this good man. In this week's Advocate, Dr. Crawford says:

"We know personally Mr. Washington Duke. He is now an old gentleman. He loves the church and he wants to do the best possible thing for her future well-being. Certainly, he desires the large sums of money that he has given to accomplish the greatest good to the youth of North Carolina and he is willing, we are sure, to make any change in the form of his gifts that is necessary."

And Dr. Crawford is openly, out and out opposed to the use of not only cigarettes, but cigars and tobacco in any form. If Mr. Duke is a good man, and loves the church and wants to accomplish the greatest good to the youth of North Carolina, why should the form of his gifts make any difference? Can a man love the church and be engaged in a business which the church must condemn? Will those who have attempted to place Mr. Duke's business on a par with saloon keeping say that the saloon keeper loves the church and has the best interests of the boys of North Carolina at heart? Most emphatically, no.

To say that Mr. Duke loves his church is to say that he is a good man and to say that he is a good man is to acknowledge that his business is, at least, respectable.

KEELEY INSTITUTE.

Seven years ago the Keeley Institute was established in this city. Since that time more than 2,500 men and women have been treated for rum and morphine habits. The management is to be congratulated on this record. Up to the first day of October exactly the same number of patients had been treated as were treated during the whole of last year.

Today scores and hundreds of bright, happy and prosperous North Carolinians bless the day the Institute opened its doors and offered to them freedom from the galling chains of the demon rum. Many a man comes here with bleared eyes, bloated form, reeking with delirium and wretched beyond description, and goes away with reason enthroned again, with joy and hope in their hearts at being freed from the damned and damning monster and thanking God for the scientific researches of Dr. Keeley.

Let us give you one case of the wonderful transformation wrought by a course at Keeley. Six weeks ago a man was brought here from Rockingham county. He was so far gone that he had to be hauled on a bed made in a wagon. His case was most wretched and seemed almost hopeless. Yesterday his wife came over to the city to accompany him home, and the change was so great that she did not know him: Transformed from a weak, helpless and despondent inebriate to a strong, active, cheerful and happy man. Who can estimate the joy of that wife's heart? Col. Osborne says that in all his experience this is the most wonderful case he has seen.

Too much cannot be said in praise of the great work that is being done by Keeley. If it could be said that every man of them eventually goes back to his wretched wallowing in the gutter, still the Keeley treatment would be a good thing and entitled to the highest praise; for it must be said that each man who takes the treatment would at least be restored to reason and true manhood long enough to open the windows of his soul and let the blessed sunlight of God illumine its dark recesses—it would give him one more chance to be saved if he wants to be saved.

You invite disappointment when you experiment. DeWitt's Little Early Risers are pleasant, easy, thorough little pills. They cure constipation and sick headache just as sure as you take them. Howard Gardner.

TO GUILFORD VOTERS

An Old Line White Republican Writes.

To the voters of Guilford county:—The time has arrived and we are in the midst of another campaign. The fight is on, and it behooves every white man in the county to bestir himself as he has never done before, and come to the front and help rescue our beloved state from further degradation and the humiliation of negro domination. The voters of Guilford county will be called on to say by their ballots whether or not this unholy warfare that has been brought about by Russell and his allies shall be tolerated longer, or shall we rise in our might and strike one redeeming blow for the honor and welfare of our native state, and stamp this infamy out.

It is an imperative duty we owe ourselves and our families to go into the fight to help redeem our state from this unholy combine that has disgraced the Anglo-saxon race. Let us remember that North Carolina is the only state in this great empire where negro domination is tolerated. Did you ever seriously think about the burning disgrace that confronts us as an issue of no importance? Can you stand with your arms folded and disregard the cries that come from our brethren in the east? Let this sink deep down in your souls, and by all the ties that bind you to your families and your native state, let us put on our whole armor and go into this fight determined to do our duty as white men.

This is a warfare not waged to destroy but to restore North Carolina to the high and honorable position as she came into this union, bearing one of the original stars upon the folds of our glorious flag. The banner that was carried in triumph over many fields of carnage by the Anglo-saxon race, who swore by the Eternal she would be free from British tyranny. Oh! white men of Guilford, let this same patriotism swell in your breast today as it did in the days of '76 by our glorious ancestors, and swear by our ballots that we will break the fetters that bind us to negro domination in North Carolina.

Let us not look upon this state of affairs that exist in our state from a political standpoint. It is not a warfare for the destruction of one party or another, it is an issue that confronts every white man in this commonwealth, let his party affiliations be as they may, let party feelings in this campaign sink into insignificance when we behold the heart rending spectacle of North Carolina being under negro supremacy.

The ballot is like the drifting snow that falls from the Heavens. You see it descending with all its beauty and whiteness covering the earth with its white mantle, but no human ear can hear it fall. So it is with the ballot, you see it fall into the ballot box but you cannot hear the sound thereof, but if that ballot is directed in the right direction, when the smoke of battle has cleared away, you will see in the distance a grand army of patriots marching to the front waving their banners with the inscription emblazoned on the folds: "North Carolina is redeemed from Russellism and his minions are dethroned and the honor of North Carolina vindicated and the Anglo-Saxon once more at the helm of state." Nil-Desperandum.

The greatest luxury to this century is R. A. Patterson's Lucky Strike plug and cut-plug for smoking and chewing. For sale by all tobacco stores, drug stores and hotels in this city.

The latest Englishman to write a book on this country objects to what he calls American hotel customs. He disliked to be asked by "a raw bony, freckled dandy" if he wanted his eggs "strait up or turned down." It pained him also to be supplied with a knife of silver-plated iron that wouldn't cut, and to have more than a dozen small dishes dumped before him in which "the doses are infinitely small." On his next visit our British cousin should avoid the hash houses and patronize a different grade of hotels.

DeWitt's Witch Hazel Salve has the largest sale of any salve in the world. This fact and its merit has led dishonest people to attempt to counterfeit it. Look out for the man who attempts to deceive you when you call for DeWitt's Witch Hazel Salve, the great pile cure.

The Sure La Grippe Cure.

There is no use suffering from this dreadful malady, if you will only get the right remedy. You are having pain all through your body, your liver is out of order, have no appetite, no life or ambition, have a bad cold, in fact are completely used up. They are guaranteed to cure or price refunded. For sale at C. E. Holton's drug store. Only 50 cents per bottle.

THE SECOND REGIMENT.

Sixty Per Cent. of the Men Can Prevent Muster Out.

There is a strong possibility that the Second regiment will remain in service.

If 60 per cent. of the men express a desire to continue in service, then the war department will have the regiment continued.

Such was the statement Governor Russell made to Colonel Burgwyn yesterday. The governor had been assured by the war department that the Second regiment will be retained if sixty men in each company sign a petition setting forth that they desire to continue in service and to serve out the time of their enlistment.

As soon as Colonel Burgwyn obtained the information he at once began arrangement for a poll of the regiment through the company commanders. Petitions from each company began circulation at once at Camp Shipp-Bagley. Last night a representative saw one company petition with signatures. There were only seventeen men of that company in the city, and only one man refused to sign.

Though preparations are being made right along for the muster out of the Second regiment, there is a good chance, to put it no more strongly, of the regiment's being kept in service. Nearly every company commander in the regiment has reported that in his opinion the necessary 60 per cent. of enlisted men in his command are eager to be retained. A formal polling of the companies has not yet been practicable, owing to the men being so widely scattered, but so far as the sentiment here has been gauged, it has in most instances been found that a majority of the men are desirous of remaining in uniform.

It is said that nearly all members of the regiment in the city want to continue in service, but a large per cent. of those away are anxious to get out. Companies A, of Fayetteville, and K, of Wilmington, are said to be very anxious to get out of service, but that the same conditions do not prevail in the other companies.

It will take the signatures of 60 per cent. of the men to keep the regiment in service. The officers here express confidence that this number and even a larger one is easily obtainable.

It is said that the regiment will go to Cuba if it remains in service.—Morning Post.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman. Trial bottles free at C. E. Holton's drug store. Regular size 50c and \$1. Guaranteed or price refunded.

URGED TO AVOID A CONFLICT.
The Paris Municipal Council Takes
Action in the Fashoda Affair.

Paris, Oct. 20.—The drift of opinion on the Fashoda question among commercial men in Paris was shown by a resolution adopted this afternoon, by the municipal council of this city, urging the French government without sacrificing the material interests of the country, to use its utmost efforts to avert a conflict with Great Britain over this dispute. M. Delcasse, minister of foreign affairs, has said that the report of Major Marchand as to the situation at Fashoda, which is expected at Cairo tonight, will be telegraphed textually.

Owing to its probable length, it is expected that at least 48 hours will be required to reduce it to the French cipher code, at Cairo, and to translate it in Paris.

LONDON PAPERS COOLED DOWN.
London, Oct. 21.—The London morning papers have cooled down to an exceedingly cautious and conservative tone in dealing with the Fashoda question, apparently realizing that the public on both sides of the channel is heated to the danger point. There is a marked effort to avoid an offensive tone. The Times says: "Sir Michael Hicks Beach has gone some way to persuade our neighbors that we really mean what we say. The time has come when it is absolutely necessary to dispel French dreams on this subject, unless very dangerous consequences are to result, but the Chancellor of the Exchequer might have performed the operation more dexterously."

How to Prevent Croup.
We have two children who are subject to attacks of croup. Whenever an attack is coming on my wife gives them Chamberlain's Cough Remedy, and it always prevents an attack. It is a household necessity in this county and no matter what else we run out of, it would not do to be without Chamberlain's Cough Remedy. More of it is sold here than of all other cough medicines combined.—J. M. Nickle, of Nickle Bros., merchants, Nickleville, Pa. For sale by C. E. Holton.

Nearly 750,000 letters handed by the English postal system last year were so illegibly dated and addressed that they could be neither delivered nor returned to the writers. Three Doctors in Consultation.
From Benjamin Franklin.
"When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what reason (i. e. Theory) says is best is to be chosen in the last place. But if you can get Dr. Incledon, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr. Incledon would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. Tillman Makes a Curious Talk.
Senator Tillman spoke to a packed house of representative Richmond democrats tonight. He stated that he did not care and did not believe that Chicago democrats cared whether Roosevelt or Van Wyck was elected in New York. This avowal was coldly received by the audience. Tillman further said it would be better for the democrats not to gain control of the house, that they always acted like fools and would get in a row among themselves before 1900, when they would have a good chance of controlling both houses and they had better wait.—Richmond Dispatch.

Kaufmann has the very latest army blue neckwear. See his window.

The board of aldermen are requested to meet promptly at 7:30 tonight. By order of the mayor.

Miss Miller, one of the waiters at the Pugh-Hancock wedding, Wednesday night returned to her home in Liberty at noon today.

No one can afford to buy a common piano. They will not stand. Mr. Brockmann sells the Mathushek and guarantees it to last as long as the house you live in. And he will make the price right.

Ed. McConnell, a negro, was arrested this morning by policemen Jeffries and Jordan for engaging in a fracas with a white man yesterday afternoon, during which he struck the latter on the head with a shovel, inflicting a severe wound. He will be tried as soon as the white man, who lives in the country, can be summoned.

Col. W. E. Murchison, a prominent attorney and democratic politician of Jonesboro spent last night in the city with his daughter Mrs. O. L. Naylor, on King street and returned home at noon today. Col. Murchison brings the good news, that Moore county, which went republican last election will give a big democratic majority on the 8th of November.

Without a Job.

At the republican county convention on Saturday, Oct. 1st, by a resolution offered by G. Z. French, W. H. Chadborn, F. W. Foster, C. W. Norwood S. P. Wright and John C. Dancy were appointed a committee to "take charge of and conduct the campaign in this county this fall."

As Mr. Chadborn refuses to commune with the "brother in black," and Colonel Foster has intimated that he has experienced a change of heart and seeks a trial, the "grand old party" in this section is bad off for a steering committee, so that disaster is sure to follow.—Wilmington Messenger.

Football Yesterday.

The University defeated the Greensboro team by the score of 11 to 0, in a hard game of ball at Chapel Hill yesterday. The University made a touch down in each half. In the second half the greater part of the game was played in the University territory. Howell, Bennett and Cunningham played the star game for the University. Cunningham is the best center on the Southern gridiron. For Greensboro the team as a whole played good ball. Lewis, the plucky back of the local team, was hurt in the early part of the game and was retired, much to his disappointment. Cone, J. West and Horry, who are comparatively new men, deserve special credit for their work.

Girls' \$1.50 and \$1.75 tan laced shoes, sizes 11 to 2, at \$1.15. Fruit-of-the-Loom at 6 cents and Androscooggin at 54 cents are among Thacker & Brockmann's special offerings this week.

A Mysterious Trip.

Governor Daniel L. Russell passed through at noon today returning to Raleigh from nobody knows where. When he left Raleigh yesterday he told a Post reporter that he was going off on religious matters, but refused to say where those matters were situated. When he got off No. 36 today and waddled himself over to the Raleigh train, he was approached by two of the faithful, who talked to him for a short while, but did not learn where he had been. Presently the conductor signalled "all aboard" and the governor, assisted by one of the faithful, took his wad of excellence into the car and the train pulled out.

Mr. and Mrs. Jos. J. Stone and R. M. Crawford of this city, and Mrs. R. B. Crawford, of Winston, returned at noon today from the Omaha (Neb.) Exposition. On the return home Chief Stone attended the twenty-sixth annual meeting of the International Association of fire chiefs, held in St. Louis, at which fire chiefs assembled from all parts of the world. Mr. Stone brought back a handsome badge as a souvenir. The party had a grand trip and one that they will long remember.
